Technical Skills

- Programming languages
Java, Python.
- Web Development HTML, CSS, JavaScript, Reactjs.
- Database Management MySQL, MongoDB.

Soft Skills

- Problem Solving
- Communication
- Teamwork
- Willingness to Learn

Education Background

- Completed my B.Sc. in Information Systems at Kongu Engineering College with a **CGPA of 8.62**.
- Completed my HSC at Kongu Vellalar Matriculation Higher Secondary School, Perundurai with **80%**.
- Completed my SSLC at Kongu Vellalar Matriculation Higher Secondary School, Perundurai with **52%**.

About Me

B.Sc. Information Systems graduate, with strong interest in the software industry. Eager to apply foundational knowledge in programming, software development, and systems analysis. Dedicated to contributing to innovative projects and continuously enhancing skills through hands-on experience. Seeking an entry-level role in software development to kickstart my career as a fresher.

Area of Interest

- Mobile Application Development
- Web Development

Project

- Developed a MERN stack web application for course booking with secure authentication, role-based access control, and responsive design.
- Built a MEAN stack bakery website with secure login, role-based access, and a responsive design. Customers can browse products, place orders, and track them, while admins manage inventory and support.
- Developed a MEAN stack e-commerce bakery website with secure login, responsive design, role-based access, and Gemini AI integration. Won First Prize in inter-department event.

Certifications & Extracurricular Activities

- Presented a paper titled '**Blue Eye Technology**' at Sri Ramakrishna Engineering College.
- Participated in a **Debugging** contest at Vellalar College.
- Participated in a seminar on '**Emerging Trends in Precision Agriculture using Deep Learning and IoT Technology**' at Kongu Engineering College.
- Completed a five-day in-plant training program in '**UI/UX Designing**' at LITZ Tech.
- Completed **React JS Course from Scaler**, focusing on building interactive and responsive web applications.
- Completed **CSS and JavaScript Complete Course for Beginners, and Python Complete Course for Beginners from Udemy**, enhancing foundational web development and programming skills.
